Secretary to the Government of
His Highness the Maharaja of Mysore
Departments of Education and Agriculture
Bangalore

SIR

I have the honour to inform you that a Goerz Half plate Photographic Camera set which had been purchased for the use of the department has now become old and somewhat useless Some of its parts also have been lost Besides, the makers have since introduced several modern improvements

As it is highly desirable to get the camera repaired and improved and it is also very necessary to purchase a changing box to carry 12 plates with a leather case both for the camera and the changing box I request that the sanction of Government may be obtained for a sum of Rs 123-12-0 being spent for the purpose from the grant of Rs 1 000/- provided for school-gardening in the current year's budget under the head (5) Special Schools

I have the honour to be

Departments of Education & Agriculture
Bangalore

SIR

I have the honour to state that in accordance with this office Notification D No 31 dated 27th January 1914 (copy of which was already submitted to Government for information) each of the Vernacular Schools has to be supplied with stereographs of important geographical views and of historical sites of the State There is an official in the Department who can make the required stereographs if he is supplied with a camera and its accessories and I am also satisfied that it would be much cheaper to get them made by him than purchasing them from Messrs Underwood & Underwood

I request therefore that sanction of Government may be kindly obtained for the purchase of a Goerz Auschutz Stereoscopic camera with its accessories at a cost of Rs 441-3-0 the same being met from the grant of Rs 1 000 provided for school-gardening in the current year's budget under the head (5) Special schools This amount also includes freight and duty charges
